Fellowship recipients are responsible for making travel arrangements and having the appropriate United States Federal travel documentation for travel abroad.

Applications must include:

- ☐ One-page travel/project proposal summary that includes:
  a. Brief description of the proposed travel/project.
  b. A statement describing how the research travel will impact and enrich the applicant's work.
  c. Dates of travel.
- ☐ Budget (not to exceed $2,000).

A studio visit may be necessary as part of the application process. At the time of the studio visit, be prepared to answer questions from faculty members, to present an artist's statement, and describe the proposed travel/project will impact your current research and work.
